

HisabDo Internship Bootcamp

Software Quality Assurance (SQA) Track

Day 11 – Capstone Project

(QA Report)

Submitted By:

Eshal Kamal

Internship Duration:

60-Day Internship Bootcamp

Organization:

HisabDo

Submission Date:

11th August, 2026

Mobile App Test Cases

Test Case 1:

Attribute	Description
Test Case ID	TC-01
Module	Receivable
Test Scenario	Verify that a receivable can be added successfully using only the mandatory amount field.
Preconditions	HisabDo application is installed and the user is on the Dashboard.
Test Data	Valid receivable amount.
Test Steps	1. Open the HisabDo application. 2. Navigate to the Add Receivable page. 3. Enter a valid amount. 4. Leave Category, Notes, Customer, Date & Time and Attachment fields empty. 5. Tap the Save Receivable button.
Expected Result	The receivable should be added successfully using only the mandatory amount field.
Actual Result	The receivable was added successfully without entering the optional fields.
Status	Pass
Priority	High

Test Case 2:

Attribute	Description
Test Case ID	TC-02
Module	Receivable
Test Scenario	Verify that a receivable cannot be saved when the amount field is empty.
Preconditions	The Add Receivable page is accessible.
Test Data	Amount: Empty
Test Steps	1. Open the Add Receivable page. 2. Leave the amount field empty. 3. Tap the Save Receivable button. 4. Observe the validation message.
Expected Result	The receivable should not be saved and an appropriate validation message such as "Enter valid amount" should be displayed.
Actual Result	The receivable was not saved and an "Enter valid amount" validation message was displayed.
Status	Pass
Priority	High

Test Case 3:

Attribute	Description
Test Case ID	TC-03
Module	Receivable
Test Scenario	Verify that an attachment can be added to a receivable using the camera option.
Preconditions	The Add Receivable page is accessible and camera permission is available.
Test Data	Valid receivable amount and camera attachment.
Test Steps	1. Open the Add Receivable page. 2. Enter a valid amount. 3. Tap the Attachment option. 4. Select Camera. 5. Capture an image. 6. Save the receivable.
Expected Result	The captured image should be attached to the receivable and the receivable should be saved successfully.
Actual Result	The image was attached successfully and the receivable was saved.
Status	Pass
Priority	Medium

Test Case 4:

Attribute	Description
Test Case ID	TC-04
Module	Receivable
Test Scenario	Verify that an attachment can be added to a receivable using the gallery option.
Preconditions	The Add Receivable page is accessible and images are available in the device gallery.
Test Data	Valid receivable amount and gallery image.
Test Steps	1. Open the Add Receivable page. 2. Enter a valid amount. 3. Tap the Attachment option. 4. Select Gallery. 5. Select an image. 6. Save the receivable.
Expected Result	The selected image should be attached to the receivable and the receivable should be saved successfully.
Actual Result	The image was attached successfully and the receivable was saved.
Status	Pass
Priority	Medium

Test Case 5:

Attribute	Description
Test Case ID	TC-05
Module	Customers
Test Scenario	Verify that a customer can be added successfully by providing only the mandatory name.
Preconditions	HisabDo application is installed and the Add Customer page is accessible.
Test Data	Customer/Shop Name: Valid name
Test Steps	1. Open the Add Customer page. 2. Enter a valid customer or shop name. 3. Leave phone, email and notes empty. 4. Tap the Add Customer button. 5. Observe the customer list.
Expected Result	The customer should be added successfully using only the mandatory name field.
Actual Result	The customer was added successfully with only the name provided.
Status	Pass
Priority	High

Test Case 6:

Attribute	Description
Test Case ID	TC-06
Module	Customers
Test Scenario	Verify that a customer cannot be added when the mandatory name field is empty.
Preconditions	The Add Customer page is accessible.
Test Data	Customer/Shop Name: Empty
Test Steps	1. Open the Add Customer page. 2. Leave the name field empty. 3. Tap the Add Customer button. 4. Observe the validation message.
Expected Result	The customer should not be added and a "Name is required" validation message should be displayed.
Actual Result	The customer was not added and a "Name is required" validation message was displayed.
Status	Pass
Priority	High

Test Case 7:

Attribute	Description
Test Case ID	TC-07
Module	Customers
Test Scenario	Verify that the Upload from Contacts option allows a customer to be selected from device contacts.
Preconditions	The Add Customer page is accessible and contacts are available on the device.
Test Data	Existing contact.
Test Steps	1. Open the Add Customer page. 2. Tap Upload from Contacts. 3. Select an available contact. 4. Observe the customer form.
Expected Result	The selected contact information should be retrieved and populated in the appropriate customer fields.
Actual Result	The contact was selected successfully and its available information was populated in the form.
Status	Pass
Priority	Medium

Test Case 8:

Attribute	Description
Test Case ID	TC-08
Module	Customers
Test Scenario	Verify that a customer can be added with optional phone, email and notes information.
Preconditions	The Add Customer page is accessible.
Test Data	Valid customer name, phone number with country code, email address and notes.
Test Steps	1. Open the Add Customer page. 2. Enter a customer/shop name. 3. Enter a phone number with a valid country code. 4. Enter a valid email address. 5. Enter notes. 6. Tap the Add Customer button.
Expected Result	The customer should be added successfully and the provided information should be saved correctly.
Actual Result	The customer was added successfully with the provided optional information.
Status	Pass
Priority	High

Test Case 9:

Attribute	Description
Test Case ID	TC-09
Module	Payable
Test Scenario	Verify that a payable can be added successfully using only the mandatory amount field.
Preconditions	The Add Payable page is accessible.
Test Data	Valid payable amount.
Test Steps	1. Open the Add Payable page. 2. Enter a valid amount. 3. Leave Category, Notes, Customer, Date & Time, and Attachment fields empty. 4. Tap the Save Payable button.
Expected Result	The payable should be added successfully using only the mandatory amount field.
Actual Result	The payable was added successfully without entering the optional fields.
Status	Pass
Priority	High

Test Case 10:

Attribute	Description
Test Case ID	TC-10
Module	Payable
Test Scenario	Verify that a payable cannot be saved when the amount field is empty.
Preconditions	The Add Payable page is accessible.
Test Data	Amount: Empty
Test Steps	1. Open the Add Payable page. 2. Leave the amount field empty. 3. Tap the Save Payable button. 4. Observe the validation message.
Expected Result	The payable should not be saved and an "Enter valid amount" validation message should be displayed.
Actual Result	The payable was not saved and an "Enter valid amount" validation message was displayed.
Status	Pass
Priority	High

Test Case 11:

Attribute	Description
Test Case ID	TC-11
Module	Calculators
Test Scenario	Verify that the Basic Arithmetic Calculator correctly performs arithmetic calculations.
Preconditions	The Calculator page is accessible.
Test Data	25 + 15
Test Steps	1. Open the Calculator section. 2. Select Basic Arithmetic Calculator. 3. Enter 25. 4. Select the addition operator. 5. Enter 15. 6. Calculate the result.
Expected Result	The calculator should display the correct result 40.
Actual Result	The calculator displayed the correct result.
Status	Pass
Priority	Medium

Test Case 12:

Attribute	Description
Test Case ID	TC-12
Module	Calculators
Test Scenario	Verify that the Percentage Calculator calculates the percentage of a given amount correctly.
Preconditions	The Percentage Calculator is accessible.
Test Data	Amount: 500; Percentage: 10%
Test Steps	1. Open the Percentage Calculator. 2. Enter the amount. 3. Enter the percentage value. 4. Tap Calculate. 5. Observe the result.
Expected Result	The calculator should display the correct percentage result.
Actual Result	The percentage was calculated correctly.
Status	Pass
Priority	Medium

Test Case 13:

Attribute	Description
Test Case ID	TC-13
Module	Calculators
Test Scenario	Verify that the Clear button removes the entered values from the Percentage Calculator.
Preconditions	The Percentage Calculator is accessible.
Test Data	Amount: 500; Percentage: 10%
Test Steps	1. Open the Percentage Calculator. 2. Enter an amount. 3. Enter a percentage. 4. Tap Calculate. 5. Tap Clear. 6. Observe the input fields and result.
Expected Result	All entered values and the calculated result should be cleared.
Actual Result	The entered values and result were cleared successfully.
Status	Pass
Priority	Medium

Test Case 14:

Attribute	Description
Test Case ID	TC-14
Module	Calculators
Test Scenario	Verify that the Discount Calculator correctly calculates a discount based on the original price and discount percentage.
Preconditions	The Discount Calculator is accessible.
Test Data	Original Price: 1000; Discount: 20%
Test Steps	1. Open the Discount Calculator. 2. Enter the original price. 3. Enter the discount percentage. 4. Tap Calculate. 5. Observe the calculated result.
Expected Result	The calculator should calculate the discount correctly and display the resulting value.
Actual Result	The discount was calculated correctly.
Status	Pass
Priority	Medium

Test Case 15:

Attribute	Description
Test Case ID	TC-15
Module	Calculators
Test Scenario	Verify that the Profit Margin Calculator calculates profit margin using cost price and selling price.
Preconditions	The Profit Margin Calculator is accessible.
Test Data	Cost Price: 500; Selling Price: 600
Test Steps	1. Open the Profit Margin Calculator. 2. Enter the cost price. 3. Enter the selling price. 4. Tap Calculate. 5. Observe the result.
Expected Result	The calculator should calculate and display the correct profit margin.
Actual Result	The profit margin was calculated correctly.
Status	Pass
Priority	Medium

Test Case 16:

Attribute	Description
Test Case ID	TC-16
Module	Quick Actions
Test Scenario	Verify that all Quick Actions buttons on the Dashboard are displayed and navigate to their respective pages.
Preconditions	User is on the HisabDo Dashboard.
Test Data	Quick Actions: Income, Expense, Customers, Reports, Calculator, Voice, PDF, Invoice PDF, Analytics.
Test Steps	1. Open the HisabDo Dashboard. 2. Locate the Quick Actions section. 3. Verify that Income, Expense, Customers, Reports, Calculator, Voice, PDF, Invoice PDF and Analytics options are displayed. 4. Tap each available Quick Action one by one. 5. Observe the resulting page or functionality.
Expected Result	All Quick Action buttons should be visible and each button should navigate to or open its intended functionality.
Actual Result	All Quick Action buttons were displayed and navigated to their respective pages or functionalities successfully.
Status	Pass
Priority	High

Test Case 17:

Attribute	Description
Test Case ID	TC-17
Module	Quick Actions - PDF
Test Scenario	Verify that the PDF Quick Action generates an overall financial summary report with transaction history.
Preconditions	User is on the Dashboard and financial transaction data is available.
Test Data	Existing financial records and transactions.
Test Steps	1. Open the Dashboard. 2. Locate the Quick Actions section. 3. Tap PDF. 4. Generate the financial summary PDF. 5. Tap the share/upload option. 6. Select an available application.
Expected Result	An overall financial summary PDF should be generated successfully and should contain relevant transaction history.
Actual Result	The financial summary PDF was generated successfully with transaction history.
Status	Pass
Priority	High

Test Case 18:

Attribute	Description
Test Case ID	TC-18
Module	Quick Actions - Invoice PDF
Test Scenario	Verify that the Invoice PDF Quick Action generates an invoice PDF that can be shared with other applications.
Preconditions	User is on the Dashboard and required invoice information is available.
Test Data	Existing invoice/transaction information.
Test Steps	1. Open the Dashboard. 2. Locate the Quick Actions section. 3. Tap Invoice PDF. 4. Generate the invoice PDF. 5. Tap the share option. 6. Select an available application.
Expected Result	The invoice PDF should be generated successfully and should be shareable through other applications.
Actual Result	The invoice PDF was generated and shared successfully through another application.
Status	Pass
Priority	High

Test Case 19:

Attribute	Description
Test Case ID	TC-19
Module	Quick Actions - Analytics
Test Scenario	Verify that the Analytics Quick Action displays correct financial information.
Preconditions	User is on the Dashboard and financial data is available.
Test Data	Existing income, expense and transaction records.
Test Steps	1. Open the HisabDo Dashboard. 2. Locate the Quick Actions section. 3. Tap Analytics. 4. Observe the displayed financial information.
Expected Result	The Analytics page should open successfully and display the correct financial information based on the available records.
Actual Result	The Analytics page displayed the correct financial information.
Status	Pass
Priority	High

Test Case 20:

Attribute	Description
Test Case ID	TC-20
Module	Quick Actions - Voice
Test Scenario	Verify that the Voice Quick Action opens the intended voice functionality successfully.
Preconditions	User is on the HisabDo Dashboard and the Voice Quick Action is available.
Test Data	Voice Quick Action button.
Test Steps	1. Open the HisabDo Dashboard. 2. Locate the Quick Actions section. 3. Tap Voice. 4. Observe the resulting screen or functionality.
Expected Result	The Voice Quick Action should open the intended voice functionality successfully without displaying an error.
Actual Result	The Voice Quick Action opened the intended functionality successfully.
Status	Pass
Priority	Medium

Website Test Cases

Test Case 1:

Attribute	Description
Test Case ID	TC-01
Module	Navigation
Test Scenario	Verify that the Get App button opens the HisabDo application listing on Google Play.
Preconditions	The HisabDo website is accessible.
Test Data	Get App button
Test Steps	1. Open the HisabDo website. 2. Locate the Get App button in the navbar. 3. Click Get App. 4. Observe the page that opens.
Expected Result	The Get App button should redirect the user to the HisabDo application page on Google Play.
Actual Result	The Get App button redirected the user to the HisabDo application page on Google Play.
Status	Pass
Priority	High

Test Case 2:

Attribute	Description
Test Case ID	TC-02
Module	FAQ
Test Scenario	Verify that clicking an FAQ question displays its corresponding answer.
Preconditions	The FAQ page is accessible.
Test Data	Any FAQ question
Test Steps	1. Open the HisabDo FAQ page. 2. Locate an FAQ question. 3. Click the question. 4. Observe the FAQ section.
Expected Result	The selected FAQ question should expand and display its corresponding answer.
Actual Result	The selected FAQ question expanded and displayed its corresponding answer.
Status	Pass
Priority	High

Test Case 3:

Attribute	Description
Test Case ID	TC-03
Module	FAQ
Test Scenario	Verify that the answer displayed for an FAQ question matches the selected question.
Preconditions	The FAQ page is accessible and an FAQ question is available.
Test Data	FAQ question: "Is HisabDo free to use?"
Test Steps	1. Open the FAQ page. 2. Locate "Is HisabDo free to use?". 3. Click the question. 4. Read the displayed answer.
Expected Result	The answer should explain that HisabDo is free to download and use and that core features are available at no cost.
Actual Result	The FAQ displayed the correct answer regarding HisabDo being free to use.
Status	Pass
Priority	Medium

Test Case 4:

Attribute	Description
Test Case ID	TC-04
Module	FAQ
Test Scenario	Verify that the expanded FAQ answer closes when the cross icon is clicked.
Preconditions	The FAQ page is accessible and an FAQ question is expanded.
Test Data	Expanded FAQ question
Test Steps	1. Open the FAQ page. 2. Click an FAQ question to expand it. 3. Click the cross/close icon. 4. Observe the FAQ section.
Expected Result	The answer should close and the FAQ question should return to its collapsed state.
Actual Result	The answer closed successfully and the FAQ question returned to its collapsed state.
Status	Pass
Priority	Medium

Test Case 5:

Attribute	Description
Test Case ID	TC-05
Module	FAQ
Test Scenario	Verify that the FAQ page contains the provided General, Features, Language & Currency, Data & Backup, Privacy & Security, Device & Platform and Support sections.
Preconditions	The FAQ page is accessible.
Test Data	FAQ categories and questions
Test Steps	1. Open the HisabDo FAQ page. 2. Scroll through the FAQ sections. 3. Observe the available categories and questions.
Expected Result	The FAQ page should display the available categories and their related questions correctly.
Actual Result	The FAQ categories and questions were displayed correctly.
Status	Pass
Priority	Medium

Test Case 6:

Attribute	Description
Test Case ID	TC-06
Module	Careers
Test Scenario	Verify that the Careers page displays information about the 60-Day Remote Internship Bootcamp.
Preconditions	The HisabDo website is accessible and the Careers page can be opened.
Test Data	Internship information
Test Steps	1. Open the Careers page. 2. Scroll to the Internships section. 3. Observe the internship details.
Expected Result	The page should display the internship duration, start date, mode and eligible applicants correctly.
Actual Result	The internship information was displayed correctly.
Status	Pass
Priority	High

Test Case 7:

Attribute	Description
Test Case ID	TC-07
Module	Careers
Test Scenario	Verify that users can access the internship registration form through Register Now.
Preconditions	The Careers page is accessible.
Test Data	Register Now button
Test Steps	1. Open the Careers page. 2. Locate the 60-Day Remote Internship Bootcamp section. 3. Click Register Now. 4. Observe the page that opens.
Expected Result	The Register Now button should open the internship registration form successfully.
Actual Result	The Register Now button opened the internship registration process successfully.
Status	Pass
Priority	High

Test Case 8:

Attribute	Description
Test Case ID	TC-08
Module	Careers
Test Scenario	Verify that View Details displays detailed information for an available job.
Preconditions	The Careers page is accessible and an open job is displayed.
Test Data	View Details button for an available job
Test Steps	1. Open the Careers page. 2. Locate an Open Role. 3. Click View Details. 4. Observe the job information.
Expected Result	Detailed information about the selected job should be displayed successfully.
Actual Result	The selected job details were displayed successfully.
Status	Pass
Priority	High

Test Case 9:

Attribute	Description
Test Case ID	TC-09
Module	Careers
Test Scenario	Verify that a user can access the application process for an available position.
Preconditions	The Careers page is accessible and an available job is displayed.
Test Data	Apply Now button
Test Steps	1. Open the Careers page. 2. Locate an available job. 3. Click Apply Now. 4. Observe the result.
Expected Result	The Apply Now button should open the appropriate application process successfully.
Actual Result	The Apply Now button opened the appropriate application process successfully.
Status	Pass
Priority	High

Test Case 10:

Attribute	Description
Test Case ID	TC-10
Module	Careers
Test Scenario	Verify that open roles display job title, department, employment type, location and closing date.
Preconditions	The Careers page is accessible.
Test Data	Open Roles section
Test Steps	1. Open the Careers page. 2. Navigate to Open Roles. 3. Observe the available job listings. 4. Check the displayed job information.
Expected Result	Each available job should display its relevant role information correctly.
Actual Result	The available job roles and their relevant information were displayed correctly.
Status	Pass
Priority	Medium

Test Case 11:

Attribute	Description
Test Case ID	TC-11
Module	Footer
Test Scenario	Verify that all available social media buttons in the footer open their corresponding HisabDo social accounts.
Preconditions	The HisabDo website is accessible and the footer is visible.
Test Data	Footer social media icons
Test Steps	1. Open the HisabDo website. 2. Scroll to the footer. 3. Locate the social media icons. 4. Click each available social media icon. 5. Observe the destination.
Expected Result	Each social media icon should redirect to the corresponding HisabDo social media account.
Actual Result	All social media icons redirected to their respective HisabDo social accounts successfully.
Status	Pass
Priority	Medium

Test Case 12:

Attribute	Description
Test Case ID	TC-12
Module	Footer
Test Scenario	Verify that the support email link opens Gmail with the HisabDo support address.
Preconditions	The HisabDo website is accessible and the footer is visible.
Test Data	support@hisabdo.app
Test Steps	1. Open the HisabDo website. 2. Scroll to the footer. 3. Click the support email address. 4. Observe the email application.
Expected Result	The email application should open with <u>support@hisabdo.app</u> as the recipient.
Actual Result	Gmail opened successfully with <u>support@hisabdo.app</u> as the recipient.
Status	Pass
Priority	Medium

Test Case 13:

Attribute	Description
Test Case ID	TC-13
Module	Footer
Test Scenario	Verify that the location icon with Pakistan link in the Contact section redirect the user to Google Maps.
Preconditions	The HisabDo website is accessible and the footer is visible.
Test Data	Pakistan location link
Test Steps	1. Open the HisabDo website. 2. Scroll to the bottom of the website. 3. Locate the location icon with Pakistan link under the Contact section. 4. Click Pakistan. 5. Observe the result.
Expected Result	The Pakistan link should redirect the user to Google Maps successfully.
Actual Result	The Pakistan link redirected the user to Google Maps successfully.
Status	Pass
Priority	Medium

Test Case 14:

Attribute	Description
Test Case ID	TC-14
Module	Footer
Test Scenario	Verify that the Google Play icon with Google Play link in the Contact section redirect the user to the HisabDo application page on Google Play.
Preconditions	The HisabDo website is accessible and the footer is visible.
Test Data	Google Play link
Test Steps	1. Open the HisabDo website. 2. Scroll to the bottom of the website. 3. Locate the Google Play icon with Google Play link under the Contact section. 4. Click Google Play. 5. Observe the result.
Expected Result	The Google Play link should redirect the user to the HisabDo application page on Google Play successfully.
Actual Result	The Google Play link redirected the user to the HisabDo application page on Google Play successfully.
Status	Pass

Priority	High
-----------------	------

Test Case 15:

Attribute	Description
Test Case ID	TC-15
Module	Careers
Test Scenario	Verify that the Contact Us button in the "Want to Work With Us?" section redirects the user to the Contact page.
Preconditions	The Careers page is accessible.
Test Data	Contact Us button
Test Steps	1. Open the Careers page. 2. Scroll to the "Want to Work With Us?" section. 3. Click the Contact Us button. 4. Observe the page that loads.
Expected Result	The Contact Us button should redirect the user to the Contact page successfully.
Actual Result	The Contact Us button redirected the user to the Contact page successfully.
Status	Pass
Priority	Medium

Test Execution Summary
