8th August, 2026

Mobile App Test Cases

Test Case 1:

Attribute	Description
Test Case ID	TC-01
Module	App Installation
Test Scenario	Verify that the HisabDo mobile application can be downloaded and installed from the Google Play Store.
Preconditions	Mobile Device is available with an active internet connection and Google Play Store is accessible.
Test Data	HisabDo mobile application
Test Steps	1. Open Google Play Store. 2. Search for HisabDo. 3. Open the official HisabDo application listing. 4. Tap Install. 5. Wait for the installation to complete. 6. Open the application.
Expected Result	The HisabDo application should be available on Google Play Store and should download and install successfully.
Actual Result	The HisabDo application was accessed from Google Play Store and downloaded successfully.
Status	Pass
Priority	High

Test Case 2:

Attribute	Description
Test Case ID	TC-02
Module	Authentication
Test Scenario	Verify that the Sign In button on the welcome screen redirects the user to the Sign In page.
Preconditions	HisabDo application is installed and launched.
Test Data	Sign In button
Test Steps	1. Launch the HisabDo application. 2. Wait for the splash screen to appear. 3. Move Next to Welcome screen. 4. Locate the Sign In button. 5. Tap the Sign In button. 6. Observe the displayed page.
Expected Result	The user should be redirected to the Sign In page.

Actual Result	The Sign In button redirected the user to the Sign In page successfully.
Status	Pass
Priority	High

Test Case 3:

Attribute	Description
Test Case ID	TC-03
Module	Authentication
Test Scenario	Verify that the Create Account button on the welcome screen redirects the user to the account creation page.
Preconditions	HisabDo application is installed and the splash screen is displayed.
Test Data	Create Account button
Test Steps	1. Launch the HisabDo application. 2. Wait for the splash screen to appear. 3. Move Next to Welcome screen. 4. Locate the Create Account button. 5. Tap the Create Account button. 6. Observe the displayed page.
Expected Result	The user should be redirected to the account creation page.
Actual Result	The Create Account button redirected the user to the account creation page successfully.
Status	Pass
Priority	High

Test Case 4:

Attribute	Description
Test Case ID	TC-04
Module	Guest Access
Test Scenario	Verify that Continue as Guest allows the user to access the application dashboard without signing in.
Preconditions	HisabDo application is installed and the splash screen is displayed.
Test Data	Continue as Guest button

Test Steps	1. Launch the HisabDo application. 2. Wait for the splash screen to appear. 3. Move Next to Welcome screen. 4. Locate Continue as Guest the button. 5. Tap the Continue as Guest button. 6. Observe the displayed page.
Expected Result	The user should be allowed to continue without authentication and should be redirected to the application dashboard.
Actual Result	Continue as Guest redirected the user to the application dashboard successfully.
Status	Pass
Priority	High

Test Case 5:

Attribute	Description
Test Case ID	TC-05
Module	Dashboard
Test Scenario	Verify that the Add button on the dashboard opens the Add transaction page with receivable and payable options.
Preconditions	User has successfully entered the application and the dashboard is displayed.
Test Data	+ Add button
Test Steps	1. Open the HisabDo application. 2. Continue as Guest if required. 3. Locate + Add button on the dashboard. 4. Tap the button. 5. Observe the resulting page.
Expected Result	The user should be able to open the Add Transaction (Receivable/Payable) page
Actual Result	The button opened the Add Transaction (Receivable/Payable) page successfully.
Status	Pass
Priority	High

Test Case 6:

Attribute	Description
Test Case ID	TC-06
Module	Receivable Management
Test Scenario	Verify that the Receivable option redirects the user to the Add Receivable page.
Preconditions	User is on the Receivable/Payable selection page.
Test Data	Receivable Option
Test Steps	1. Tap + Add button on the dashboard. 2. Locate the Receivable option. 3. Tap Receivable. 4. Observe the resulting screen.
Expected Result	The Add Receivable page should open successfully.
Actual Result	The Receivable option redirected the user to the Add Receivable page successfully.
Status	Pass
Priority	High

Test Case 7:

Attribute	Description
Test Case ID	TC-07
Module	Payable Management
Test Scenario	Verify that the Receivable option redirects the user to the Add Receivable page.
Preconditions	User is on the Receivable/Payable selection page.
Test Data	Payable Option
Test Steps	5. Tap + Add button on the dashboard. 6. Locate the Payable option. 7. Tap Payable. 8. Observe the resulting screen.
Expected Result	The Add Payable page should open successfully.
Actual Result	The Payable option redirected the user to the Add Payable page successfully.
Status	Pass
Priority	High

Test Case 8:

Attribute	Description
Test Case ID	TC-08
Module	Menu
Test Scenario	Verify that the menu slider opens and displays all available navigation options.
Preconditions	User is on the application dashboard.
Test Data	Dashboard menu
Test Steps	1. Launch the application. 2. Continue as Guest if required. 3. Locate the hamburger icon on dashboard. 4. Tap the icon. 5. Review the displayed options.
Expected Result	The menu should open and display Dashboard, Receivable, Payable, Transactions, Customers, Add Customer, Reports, Calculator, Settings, Help, Contact Us and Edit Profile options.
Actual Result	The menu slider opened successfully and displayed the listed navigation options.
Status	Pass
Priority	High

Test Case 9:

Attribute	Description
Test Case ID	TC-09
Module	Menu
Test Scenario	Verify that the Dashboard option in the menu redirects to the Dashboard page.
Preconditions	Menu is open.
Test Data	Dashboard menu option
Test Steps	1. Open the menu slider. 2. Locate Dashboard. 3. Tap Dashboard. 4. Observe the displayed page.
Expected Result	The user should be redirected to the Dashboard page.
Actual Result	The Dashboard option redirected the user to the Dashboard successfully.
Status	Pass
Priority	High

Test Case 10:

Attribute	Description
Test Case ID	TC-10
Module	Menu
Test Scenario	Verify that the Receivable option in the menu redirects to the Receivable page.
Preconditions	Menu is open.
Test Data	Receivable menu option
Test Steps	1. Open the menu slider. 2. Locate Receivable. 3. Tap Receivable. 4. Observe the displayed page.
Expected Result	The user should be redirected to the Receivable page.
Actual Result	The Receivable option redirected the user to the Receivable page successfully.
Status	Pass
Priority	High

Test Case 11:

Attribute	Description
Test Case ID	TC-11
Module	Menu
Test Scenario	Verify that the Payable option in the menu redirects to the Payable page.
Preconditions	Menu is open.
Test Data	Payable menu option
Test Steps	1. Open the menu slider. 2. Locate Payable. 3. Tap Payable. 4. Observe the displayed page.
Expected Result	The user should be redirected to the Payable page.
Actual Result	The Payable option redirected the user to the Payable page successfully.
Status	Pass
Priority	High

Test Case 12:

Attribute	Description
Test Case ID	TC-12
Module	Menu
Test Scenario	Verify that the Transactions option in the menu redirects to the Transactions page.
Preconditions	Menu is open.
Test Data	Transactions menu option
Test Steps	1. Open the menu slider. 2. Locate Transactions. 3. Tap Transactions. 4. Observe the displayed page.
Expected Result	The user should be redirected to the Transactions page.
Actual Result	The Transactions option redirected the user to the Transactions page successfully.
Status	Pass
Priority	High

Test Case 13:

Attribute	Description
Test Case ID	TC-13
Module	Menu
Test Scenario	Verify that the Customers option in the menu redirects to the Customers page.
Preconditions	Menu is open.
Test Data	Customers menu option
Test Steps	1. Open the menu slider. 2. Locate Customers. 3. Tap Customers. 4. Observe the displayed page.
Expected Result	The user should be redirected to the Customers page.
Actual Result	The Customers option redirected the user to the Customers page successfully.
Status	Pass
Priority	High

Test Case 14:

Attribute	Description
Test Case ID	TC-14
Module	Menu
Test Scenario	Verify that the Add Customer option in the menu redirects to the Add Customer page.
Preconditions	Menu is open.
Test Data	Add Customer menu option
Test Steps	1. Open the menu slider. 2. Locate Add Customer. 3. Tap Add Customer. 4. Observe the displayed page.
Expected Result	The user should be redirected to the Add Customer page.
Actual Result	The Add Customer option redirected the user to the Add Customer page successfully.
Status	Pass
Priority	High

Test Case 15:

Attribute	Description
Test Case ID	TC-15
Module	Menu
Test Scenario	Verify that the Reports option in the menu redirects to the Reports page.
Preconditions	Menu is open.
Test Data	Reports menu option
Test Steps	1. Open the menu slider. 2. Locate Reports. 3. Tap Reports. 4. Observe the displayed page.
Expected Result	The user should be redirected to the Reports page.
Actual Result	The Reports option redirected the user to the Reports page successfully.
Status	Pass
Priority	High

Test Case 16:

Attribute	Description
Test Case ID	TC-16
Module	Menu
Test Scenario	Verify that the Calculator option in the menu redirects to the Calculator page.
Preconditions	Menu is open.
Test Data	Calculator menu option
Test Steps	1. Open the menu slider. 2. Locate Calculator. 3. Tap Calculator. 4. Observe the displayed page.
Expected Result	The user should be redirected to the Calculator page.
Actual Result	The Calculator option redirected the user to the Calculator page successfully.
Status	Pass
Priority	Medium

Test Case 17:

Attribute	Description
Test Case ID	TC-17
Module	Menu
Test Scenario	Verify that the Settings option in the menu redirects to the Settings page.
Preconditions	Menu is open.
Test Data	Settings menu option
Test Steps	1. Open the menu slider. 2. Locate Settings. 3. Tap Settings. 4. Observe the displayed page.
Expected Result	The user should be redirected to the Settings page.
Actual Result	The Settings option redirected the user to the Settings page successfully.
Status	Pass
Priority	High

Test Case 18:

Attribute	Description
Test Case ID	TC-18
Module	Menu
Test Scenario	Verify that the Help option in the menu redirects to the Help & Support page.
Preconditions	Menu is open.
Test Data	Help menu option
Test Steps	1. Open the menu slider. 2. Locate Help. 3. Tap Help. 4. Observe the displayed page.
Expected Result	The user should be redirected to the Help & Support page.
Actual Result	The Help option redirected the user to the Help & Support page successfully.
Status	Pass
Priority	Medium

Test Case 19:

Attribute	Description
Test Case ID	TC-19
Module	Menu
Test Scenario	Verify that the Contact Us option in the menu redirects to the Contact Us page.
Preconditions	Menu is open.
Test Data	Contact Us menu option
Test Steps	1. Open the menu slider. 2. Locate Contact Us. 3. Tap Contact Us. 4. Observe the displayed page.
Expected Result	The user should be redirected to the Contact Us page.
Actual Result	The Contact Us option redirected the user to the Contact Us page successfully.
Status	Pass
Priority	Medium

Test Case 20:

Attribute	Description
Test Case ID	TC-20
Module	Menu
Test Scenario	Verify that the Edit Profile button in the menu opens the Edit Profile form.
Preconditions	Menu is open.
Test Data	Edit Profile menu button
Test Steps	1. Open the menu slider. 2. Locate Edit Profile button. 3. Tap Edit Profile button. 4. Observe the displayed page.
Expected Result	The user should be able to open the Edit Profile form.
Actual Result	The Edit Profile button opened the Edit Profile form successfully.
Status	Pass
Priority	Medium

Website Test Cases

Test Case 1:

Attribute	Description
Test Case ID	TC-01
Module	Navbar
Test Scenario	Verify that the Home navigation link redirects the user to the HisabDo homepage.
Preconditions	The HisabDo website is accessible and the navigation menu is visible.
Test Data	Home navigation link
Test Steps	1. Open the HisabDo website. 2. Locate the Home navigation link from navbar. 3. Click Home. 4. Observe the page that loads.
Expected Result	The Home link should redirect the user to the HisabDo homepage successfully.
Actual Result	The Home link redirected the user to the HisabDo homepage successfully.
Status	Pass
Priority	High

Test Case 2:

Attribute	Description
Test Case ID	TC-02
Module	Navbar
Test Scenario	Verify that the About navigation link redirects the user to the HisabDo About page.
Preconditions	The HisabDo website is accessible and the navigation menu is visible.
Test Data	About navigation link
Test Steps	1. Open the HisabDo website. 2. Locate the About navigation link from navbar. 3. Click About. 4. Observe the page that loads.
Expected Result	The About link should redirect the user to the HisabDo About page successfully.
Actual Result	The About link redirected the user to the HisabDo About page successfully.
Status	Pass
Priority	Medium

Test Case 3:

Attribute	Description
Test Case ID	TC-03
Module	Navbar
Test Scenario	Verify that the App navigation link redirects the user to the HisabDo App page.
Preconditions	The HisabDo website is accessible and the navigation menu is visible.
Test Data	App navigation link
Test Steps	1. Open the HisabDo website. 2. Locate the App navigation link from navbar. 3. Click App. 4. Observe the page that loads.
Expected Result	The App link should redirect the user to the HisabDo App page successfully.
Actual Result	The App link redirected the user to the HisabDo App page successfully.
Status	Pass
Priority	Medium

Test Case 4:

Attribute	Description
Test Case ID	TC-04
Module	Navbar
Test Scenario	Verify that the Founder navigation link redirects the user to the HisabDo Founder page.
Preconditions	The HisabDo website is accessible and the navigation menu is visible.
Test Data	Founder navigation link
Test Steps	1. Open the HisabDo website. 2. Locate the Founder navigation link from navbar. 3. Click Founder. 4. Observe the page that loads.
Expected Result	The Founder link should redirect the user to the HisabDo Founder page successfully.
Actual Result	The Founder link redirected the user to the HisabDo Founder page successfully.
Status	Pass
Priority	Medium

Test Case 5:

Attribute	Description
Test Case ID	TC-05
Module	Navbar
Test Scenario	Verify that the Leadership link redirects the user to the HisabDo Leadership page.
Preconditions	The HisabDo website is accessible and the navigation menu is visible.
Test Data	Leadership navigation link
Test Steps	1. Open the HisabDo website. 2. Locate the Leadership navigation link from navbar. 3. Click Leadership. 4. Observe the page that loads.
Expected Result	The Leadership link should redirect the user to the HisabDo Leadership page successfully.
Actual Result	The Leadership link redirected the user to the HisabDo Leadership page successfully.
Status	Pass
Priority	Medium

Test Case 6:

Attribute	Description
Test Case ID	TC-06
Module	Navbar
Test Scenario	Verify that the Blog link redirects the user to the HisabDo Blog page.
Preconditions	The HisabDo website is accessible and the navigation menu is visible.
Test Data	Blog navigation link
Test Steps	1. Open the HisabDo website. 2. Locate the Blog navigation link from navbar. 3. Click Blog . 4. Observe the page that loads.
Expected Result	The Blog link should redirect the user to the HisabDo Blog page successfully.
Actual Result	The Blog link redirected the user to the HisabDo Blog page successfully.
Status	Pass
Priority	Medium

Test Case 7:

Attribute	Description
Test Case ID	TC-07
Module	Navbar
Test Scenario	Verify that the FAQ link redirects the user to the HisabDo FAQ page.
Preconditions	The HisabDo website is accessible and the navigation menu is visible.
Test Data	FAQ navigation link
Test Steps	1. Open the HisabDo website. 2. Locate the FAQ navigation link from navbar. 3. Click FAQ. 4. Observe the page that loads.
Expected Result	The FAQ link should redirect the user to the HisabDo FAQ page successfully.
Actual Result	The FAQ link redirected the user to the HisabDo FAQ page successfully.
Status	Pass
Priority	Medium

Test Case 8:

Attribute	Description
Test Case ID	TC-08
Module	Navbar
Test Scenario	Verify that the Careers link redirects the user to the HisabDo Careers page.
Preconditions	The HisabDo website is accessible and the navigation menu is visible.
Test Data	Careers navigation link
Test Steps	1. Open the HisabDo website. 2. Locate the Careers navigation link from navbar. 3. Click Careers. 4. Observe the page that loads.
Expected Result	The Careers link should redirect the user to the HisabDo Careers page successfully.
Actual Result	The Careers link redirected the user to the HisabDo Careers page successfully.
Status	Pass
Priority	Medium

Test Case 9:

Attribute	Description
Test Case ID	TC-09
Module	Navbar
Test Scenario	Verify that the Contact link redirects the user to the HisabDo Contact page.
Preconditions	The HisabDo website is accessible and the navigation menu is visible.
Test Data	Contact navigation link
Test Steps	1. Open the HisabDo website. 2. Locate the Contact navigation link from navbar. 3. Click Contact. 4. Observe the page that loads.
Expected Result	The Contact link should redirect the user to the HisabDo Contact page successfully.
Actual Result	The Contact link redirected the user to the HisabDo Contact page successfully.
Status	Pass
Priority	High

Test Case 10:

Attribute	Description
Test Case ID	TC-10
Module	Navbar
Test Scenario	Verify that the Privacy Policy link redirects the user to the HisabDo Privacy Policy page.
Preconditions	The HisabDo website is accessible and the navigation menu is visible.
Test Data	Privacy Policy navigation link
Test Steps	1. Open the HisabDo website. 2. Locate the Privacy Policy navigation link from navbar. 3. Click Privacy Policy. 4. Observe the page that loads.
Expected Result	The Privacy Policy link should redirect the user to the HisabDo Privacy Policy page successfully.
Actual Result	The Privacy Policy link redirected the user to the HisabDo Privacy Policy page successfully.
Status	Pass
Priority	High
